

Lane Closure Advisories for the I-10 Widening Project

Baton Rouge, La.—The following closures will be in place beginning Sunday night, January 3, and will be in place each night through Thursday, January 7, 2010. (Reopen on Friday @ 5 a.m.)

- Westbound I-10 in Baton Rouge from Siegen Lane to the I-10/I-12 split will be reduced to one lane of thru traffic from 9 p.m. to 5 a.m. while crews work on embankment.
- Eastbound I-10 in Baton Rouge from the I-10/I-12 split to Pecue will be reduced to one lane of through traffic from 9 p.m. to 5 a.m. while crews work on embankment.
- Northbound and Southbound Bluebonnet will be reduced to one lane underneath the I-10 overpass from 9 p.m. to 5 a.m. while crews install drilled shafts.

These closures will allow vehicles 11-feet wide or smaller to pass through the construction zones. The road is open for regular traffic, but oversize vehicles must detour using U.S. 61 (Airline Highway) at the Sorrento exit and travel north to Interstate 12, travel west on I-12 and reconnect with I-10 in Baton Rouge.

The Louisiana Department of Transportation and Development appreciates your patience and encourages drivers to exercise caution and obey all warning signs through the construction area. Please be aware of all construction workers and equipment.

The Louisiana DOTD Geaux Wider program is a multi-year construction initiative designed to increase capacity, improve safety and enhance mobility on Interstates 10 and 12 in East Baton Rouge and Livingston Parishes.

The following interstate segments will be widened to six lanes under the Geaux Wider program:

- Interstate 10, from the I-10/12 split to Siegen Lane.
- Interstate 10, from the Siegen Lane interchange to Highland Road.
- Interstate 12, from the O'Neal Lane interchange to Pete's Highway.
- Interstate 12 eastbound, from Pete's Highway to Juban Road.

Construction is underway now with the completion date for the entire program estimated for late 2012. For more information, contact Louisiana DOTD Customer Service at 1-877-4LA-DOTD (3683) or visit www.geauxwider.com.
